Students in a Village School

2015 Projects

Medical Clinic at Tee Ka Haw

This clinic serves an area where 2000 villagers have been without any health services. There will be 2 full time medics on location. Global Neighbors supplied medicines as well as furnishings for the clinic. Notice the residence to the right of the picture. Thank you for making this happen!

Kawkriek Teaching Hospital

Karen State has over 1.5 million people. Thousands of villagers don't have access to medical treatment. This will be the first Modern Teaching Hospital in Karen State. Medical personnel will be trained to provide medical services throughout the remote regions of Karen State. This 24 bed hospital will be operational in late 2016 with training starting in 2017.

Projects for 2016

- Finish the hospital construction
- Construct staff housing
- Purchase medical equipment
- Supplement start up costs
